Summary

Please answer all questions

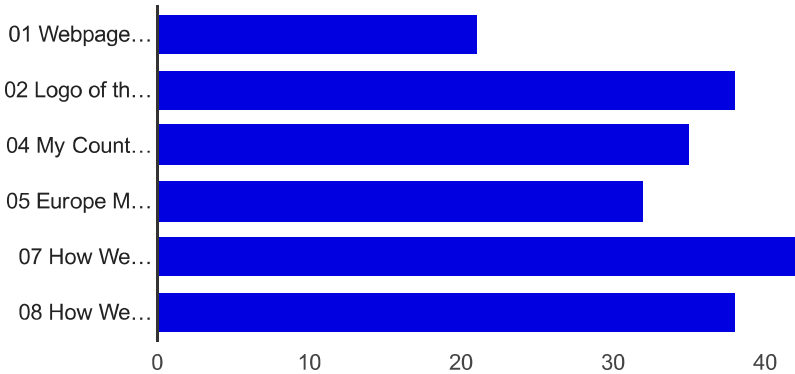

Question 1 - Do you feel the project is going as planned?

Yes	53	100%
No	0	0%

Project Logo

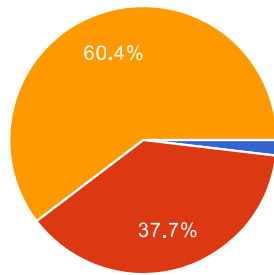

Question 2 - Which of these completed Outputs have had a positive impact in your School or Kindergarten?

01 Webpage of the Project	21	39.6%
02 Logo of the project	38	71.7%
04 My Country, My Kindergarten/School	35	66%
05 Europe My Home	32	60.4%
07 How We Celebrate Christmas	42	79.2%
08 How We Celebrate Easter	38	71.7%

Question 3 - How much has taking part in the FLAG Project improved education in

your School or Kindergarten?

No improvement	1	1.9%
A little bit improved	20	37.7%
Improved a lot	32	60.4%

Question 4 - How has taking part in the FLAG Project improved your work as a teacher

A little bit improved

new knowlwdges

My teaching is much more interesting and the children enjoy the activities more than usual.

I personally feel more comfortable using my English. The pupils I teach learned more about all 5 partners' countries.

I become more confident

It helped me a lot. I sang in front of others and I will teach my pupils some of the songs.

I am more confident now as an English teacher

As a heartaches I learned that I should give priority to foreign languages since the communication is so important to both teachers and pupils.

I have learned more about the culture of the other countries - their habits and traditions. My students have enriched their knowledges as well. They had the opportunity to practice and improve their English.

I have been very lucky to have been on two of the 5 visits. I have networked and worked collaboratively with teachers from places within Europe and have learned a lot more about their education systems and cultures. In doing so, I have been able to experiment with / pass on this information to my pupils in the form of lessons and discussions.

It has been good to see how different countries/schools tackle the same thing. The exchange of ideas for setting up and running classrooms has been good. Also I feel that the children have a better understanding of where countries are in Europe and the similarities/differences in how schools work.

International cooperation within kindergarten activities, new ways, techniques and ideas of working with children, partnership as a tool and a way of work, linguistic and IT development

Made me more aware of the education systems around Europe. Really engaged the children and helped them to understand their place in Europe.

improve cooperation, exchange good pratice, develop knowledge about diversity of Europe and become european citizens

Through this cooperation, I improved the knowledge of my students about the diversity of European cultures and languages, and their importance. The cultural and educational

competencies, the new knowledge and competencies that I shared with the other partners contributed to the modernization of my everyday educational work, increasing my knowledge, understanding and skills also in the creative use of ICT tools.

Durante le attività svolte , con i bambini, per il progetto FLAG, ho avuto conferma che qualsiasi argomento può essere trattato anche con bambini molto piccoli semplicemente "abbassandoci" al loro livello .!

Taking parte in The flag Project has widened My idea of borders And Now I See geography history traditions And other in a different perspective .

le attività entusiasmano i bambini.....ma il mio lavoro di insegnante non credo sia migliorato SOLO per il progetto ERASMUS

It has improved my skills in the teaching of soft skills such as teamwork, creativity and competence in foreign languages to teach

I opened the doors of my class to new cultural opportunities and is now only changed the way of presenting the contents through the adoption of the most exciting approaches and shared by many colleagues, not just Italians.

Mi ha fatto crescere culturalmente e professionalmente.....esperienza positissima nella collaborazione con gli altri docenti

mi sento più serena come insegnante

approfondendo con gli alunni vari temi e mettendo in pratica quanto acquisito producendo cartelloni, manufatti, bigliettini...

No

Really much

Nella didattica

Non molto

I try to do in my classroom that i observed in the others kindergardens like activities, songs...

Offering me new ideas for teaching

I have many new activities for children, many new ideas and experiences for my work.

Children like to read Europe map and they like to watch our peoject room with project works, presents from meetings and pictures about project countries and schools - we had several activities in this showroom.

New experiences, new view to my work, new view to my professional life.

A lot because it has broabened my horizonns.

sono migliorata come insegnante

I can cooperate with project colleagues during planning activities and compare my activities with another foreign ones.

I have implemented some of the ideas and practical art activities I was part of in Poland to the nursery children and they have enjoyed new challenges.

My work as a teacher has improved on the functioning of my classe, learning with more games for children.

Il progetto ci ha dato l'opportunità di acquisire nuove strategie metodologiche utili a creare un ambiente di apprendimento motivante e coinvolgente; ci ha permesso, inoltre, di conseguire uno sviluppo professionale più ampio aprendoci a realtà diverse dalla nostra offrendoci occasioni di confronto personale, sociale e culturale.

My pupils are more curious about the world.

Improved a lot

Experiences

Experiences from Poland and Bulgaria, music, new ideas and art techniques

new experience

new forms of work

new knowledge about teachers' job in project countries

The project enriched me in my teacher's work

We gave new ideas and knowledges to each other

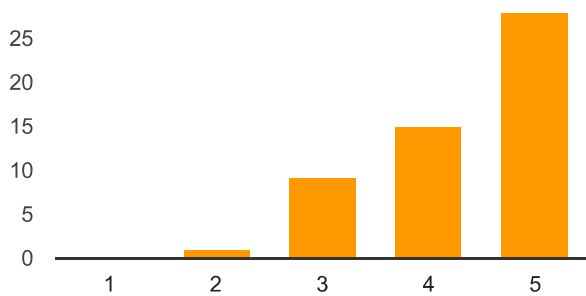

new experiences

new knowledge about project countries

I started to learn English

meeting with teachers from partner countries, new knowledges

Question 5 - How well do you think we have achieved the project objectives so far?

Not at all: 1 **0** 0%

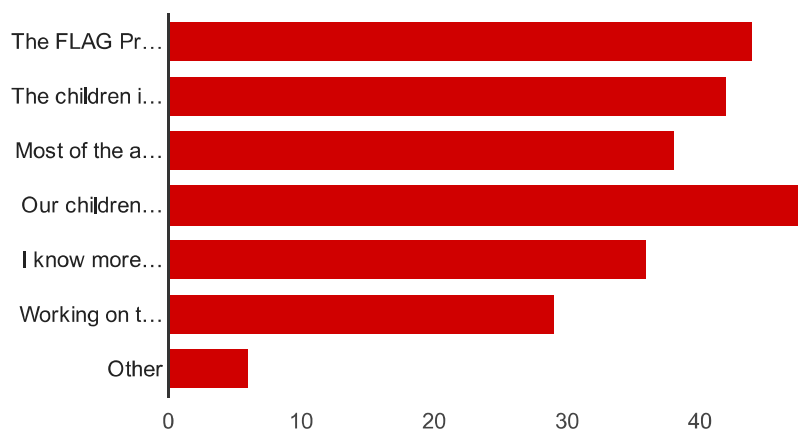

2 **1** 1.9%

3 **9** 17%

4 **15** 28.3%

Very well: 5 **28** 52.8%

Question 6 - Please check all of the statements you agree with:

The FLAG Project has been good for our school/kindergarten.	44	83%
The children in our school/kindergarten are enthusiastic about the project activities.	42	79.2%
Most of the adults in our school support the project.	38	71.7%
Our children know more about Europe because of the project.	48	90.6%
I know more about Europe because of the project	36	67.9%
Working on the project has made me a better teacher	29	54.7%
Other	6	11.3%
