

TRADITIONAL GAME output 11 - SLOVAKIA

PESHEK IS WALKING AROUND

Children sit on the ground in a circle. One child from the group is chosen to be "Peshek". He/she has a headkerchief in his/her hand and walks around the outside of the circle. All the children in the circle close their eyes and sing:

"Peshek is walking around,
Do not look at him.
Who gave him a look,
will be nudged by Peshek."

In last syllable (Peshek), Peshek nudges the next child in the circle in the back and puts the kerchief on his/her head. The child gets up, takes the kerchief and chases after Peshek. If Peshek reaches the empty space in the circle first, he/she sits down and the other child becomes the new Peshek. If the other child reaches the space in the circle first, the first child is still Peshek and tries again.
